**PILLAI GROUP OF INSTITUTIONS**

# ***ANNUAL REPORT- SPORTS*** ***2023-24***

***Pillai***  
**SPORTS**

***Performance is the key in winning***

### **Move ahead with firm steps**

Sports play a vital role in the holistic development of students. Educational institutions have recognized this and increasingly focus on promoting sports to foster physical health, teamwork, discipline, and leadership skills. Effective sports promotion can transform the educational experience, making it more engaging and enriching for students.

Regular physical activity through sports helps in maintaining a healthy body, reducing the risk of obesity, cardiovascular diseases, and other health issues. Sports activities can significantly improve mental health by reducing stress, anxiety, and depression. They provide an outlet for students to relax and rejuvenate. There is a positive correlation between physical activity and academic performance. Sports can enhance cognitive function, concentration, and classroom behavior.

Participating in sports helps students develop essential social skills such as teamwork, communication, and leadership. It also fosters a sense of community and belonging. Sports teach valuable life lessons like perseverance, discipline, time management, and dealing with success and failure. Strategies for Promoting Sports in Educational Institutions. Providing adequate sports facilities such as playgrounds, courts, and equipment is crucial. Safe and well-maintained infrastructure encourages students to participate in various sports activities. Incorporating sports and physical education into the curriculum ensures that all students have the opportunity to engage in regular physical activity. Schools can allocate specific times for sports in their daily schedules.

Establishing clubs and teams for different sports encourages participation beyond regular physical education classes. Schools/Colleges can organize inter-school/college and intra-school/college competitions to motivate students. Keeping its aim to promote youngsters to be stars of tomorrow we had established a Mumbai Division Super League Club named as Pillai–Salsette FC and this club provide a different platform for outstanding soccer players of Pillai with great opportunities to excel. Hiring qualified coaches for extended sports activities in schools can provide students with the necessary skills and guidance to excel in their chosen sports. Coaches can also identify and nurture talent at an early stage. Ensuring that sports programs are inclusive and accessible to all students, including those with disabilities, promotes diversity and equality in sports. Educating students and their parents about the importance of a balanced diet and proper nutrition enhances their performance and overall well-being. Engaging parents and the community in sports programs can boost participation and support. Acknowledging and rewarding achievements in sports through awards, certificates, and scholarships motivates students to excel and take pride in their accomplishments.

Over the years Mahatma Education Society is known for its extra mile approach in promoting sports in its educational institutions as it is essential for the overall development of students. In line with its proactive approach towards promoting sports at grass root level Mahatma Education Society Sports Control Board has signed an MOU with one of the renowned **Indian Women League club Mumbai Knights Football Academy**, who is also the defending champion of the Western region in women Football. And in collaboration we have started an exclusive Football academy for girls through strident selection process from MES `s Schools. There were 40 odd talented girls selected in to the academy and now they have been trained under qualified coach in professional Football. Pillai group of institutions, by implementing strategic measures and fostering a supportive environment, its institutions are ensuring sports become an integral part of the educational experience, benefiting students physically, mentally, and socially.

Our Mahatma Sports Club is successfully continuing its sports training regular after school classes in addition to its sports training programs at all its campuses. Sports discipline like Football, Athletics and swimming are getting tremendous response from the children from all the age group. There are as many as 10 special sports coaching classes are conducted by Mahatma Sports Club throughout the year.

The MES sports control board is looking forward to do more innovative initiatives in the field of sports and welcomes the academic year 2024-25 with great enthusiasm and vigor. The Mahatma Education society conveys all the best wishes to its students, sports coach's, sports trainers and mentors a successful academic year 2024-25.

Regards,

Padmakshan Padmanabhan  
Director of Sports

# CLIPS FROM PODIUM 2024-25
